or occupiers of premises in or upon any street or part of a street within the area of supply or by the Local Government or a local authority charged with the public lighting thereof, requiring the licensee to provide distributing mains throughout such street or part thereof, the licensee shall comply within six months with the requisition, unless,—

- (a) where it is made by such owners or occupiers as aforesaid, the owners or occupiers making it do not, within fourteen clear days after the service on them by the licensee of a notice in writing in this behalf, tender to the licensee a written contract duly executed and with sufficient security binding themselves to take, or guaranteeing that there shall be taken, a supply of energy for not less than two years to such amount as will in the aggregate produce annually, at the current rates charged by the licensee, a reasonable return to the licensee; or,
- (b) where it is made by the Local Government or a local authority, the Local Government or local authority, as the case may be, does not, within the like period, tender a like contract binding itself to take a supply of energy for not less than seven years for the public lamps in such street or part thereof.

(2) Where any difference or dispute arises between the licensee and such owners or occupiers as to the sufficiency of the security offered under this clause, or as to the amount of energy to be taken or guaranteed as aforesaid, the matter shall be referred to the Local Government, and either decided by it or, if it so directs, determined by arbitration.

(3) Every requisition under this clause shall be signed by the maker or makers thereof and shall be served on the licensee.

(4) Every requisition under this clause shall be in a form to be prescribed by rules under the Indian Electricity Act, 1910; and copies of the form shall be kept at the office of the licensee and supplied free of charge to any applicant.

VI. Requisition for supply to owners or occupiers in vicinity.

Provided, first, that the licensee shall not be bound to comply with any such requisition unless and until the person making it—

- (a) within fourteen days after the service on him by the licensee of a notice in writing in this behalf, tenders to the licensee a written contract, in a form approved by the Local Government, duly executed and with sufficient security, binding himself to take a supply of energy for not less than two years to such amount

as will produce, at current rates charged by the licensee, a reasonable return to the licensee, and,

- (b) if required by the licensee so to do, pays to the licensee the cost of so much of any service-line as may be laid down or placed for the purposes of the supply upon the property in respect of which the requisition is made, and of so much of any service-line as it may be necessary for the said purposes to lay down or place beyond one hundred feet from the licensee's distributing main, although not on that property :

Provided, secondly, that the licensee shall be entitled to discontinue such supply—

- (a) if the owner or occupier of the property to which the supply is made has not already given security, or if any security given by him has become invalid or insufficient, and such owner or occupier fails to furnish security or to make up the original security to a sufficient amount, as the case may be, within seven days after the service upon him of notice from the licensee requiring him so to do, or
- (b) if the owner or occupier of the property to which the supply is made adopts any appliance, or uses the energy supplied to him by the licensee for any purposes, or deals with it in any manner, so as unduly or improperly to interfere with the efficient supply of energy to any other person by the licensee, or
- (c) if the electric wires, fittings, works and apparatus in such property are not in good order and condition, and are consequently likely to affect injuriously the use of energy by the licensee, or by other persons, or
- (d) if the owner or occupier makes any alterations of, or additions to, any electric wires, fittings, works or apparatus within such property as aforesaid, and does not notify the same to the licensee before the same are connected to the source of supply, with a view to their being examined and tested :

Provided, thirdly, that the maximum rate per unit of time at which the owner or occupier shall be entitled to be supplied with energy shall not exceed what is necessary for the maximum consumption on his premises, and, where the owner or occupier has required a licensee to supply him at a specified maximum rate, he shall not be entitled to alter that maximum, except after one month's notice in writing to the licensee, and the licensee may recover from the owner or occupier any expenses incurred by him by reason of such alteration in respect of the service-lines by which energy is supplied to the property beyond one hundred feet from the licensee's distributing main, or in respect of any fittings or apparatus of the licensee upon that property : and

Provided, fourthly, that, in the event of any requisition being made for a supply of energy from any distributing main of which the licensee can prove, to the satisfaction of an Electric Inspector,—

(a) that it is already loaded up to its full current-carrying capacity,
or

(b) that, in case of a larger amount of current being transmitted by it, the loss of pressure will seriously affect the efficiency of the supply to other consumers in the vicinity,

the licensee may refuse to accede to the requisition for such reasonable period not exceeding six months, as such Inspector may think sufficient for the purpose of amending the distributing main or laying down or placing a further distributing main.

(2) Any service-line laid for the purpose of supply in pursuance of a requisition under sub-clause (1) shall, notwithstanding that a portion of it may have been paid for by the person making the requisition, be maintained by the licensee.

(3) Where any difference or dispute arises as to the amount of energy to be taken or guaranteed as aforesaid, or as to the cost of any service-line or as to the sufficiency of the security offered by any owner or occupier, or as to the improper use of energy, or as to any alleged defect in any wires, fittings, works or apparatus, or as to the amount of the expenses incurred under the third proviso to sub-clause (1), the matter shall be referred to an Electric Inspector and decided by him.

(4) Every requisition under this clause shall be signed by the maker or makers thereof and shall be served on the licensee.

(5) Every requisition under this clause shall be in a form to be prescribed by rules under the Indian Electricity Act, 1910; and copies of the form shall be kept at the office of the licensee and supplied free of charge to any applicant.

VII. (1) Where an application is made by any person for the supply of energy within the area of supply, for any premises not situate within one hundred yards from any distributing main, or in any street in which distributing mains have not already been laid down or placed, and where a special agreement has been entered into to give and receive such supply, the licensee shall, before commencing to lay down or place in any such street any electric supply-line, serve upon the local authority (if any) and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric supply-line so to be laid down or placed ^{Provisions as to laying electric supply-lines under special agreement.} [one month's notice] stating that the licensee intends to lay down or place the electric supply-line, and intimating that, if within the said period the local authority or any two or more of such owners or occupiers require in accordance with the provisions of the

license that a supply shall be given for any public lamps or to their premises, as the case may be, the necessary distributing main will be laid down or placed by the licensee at the same time as the electric supply-line intended for the particular person.

(2) Where any such special agreement as is referred to in sub-clause (1) has been entered into between the licensee and any person, the licensee shall supply, and, save in so far as he is prevented from doing so by cyclones, floods, storms or other occurrences beyond his control, continue to supply, energy in such quantities as may have been agreed upon, and the provisions contained in the first, second, third and fourth provisos to sub-clause (1) and in sub-clauses (2) and (3) of clause VI shall, so far as may be, apply to every case in which energy is supplied under this clause as if such person had made a requisition under clause VI.

Supply for
public lamps.

VIII. (1) Where a requisition is made by the Local Government or by a local authority requiring the licensee to supply for a period of not less than seven years energy for any public lamps within the distance of one hundred yards from any distributing main, the licensee shall supply, and, save in so far as he is prevented from doing so by cyclones, floods, storms or other occurrences beyond his control, continue to supply, energy for such lamps in such quantities as the Local Government or the local authority, as the case may be, may require.

(2) The provisions of sub-clause (b) of the first proviso, of sub-clauses (c) and (d) of the second proviso, and of the third and fourth provisos to sub-clause (1) and the provisions of sub-clauses (2) and (3) of clause VI shall, so far as may be, apply to every case in which a requisition for the supply of energy is made under this clause as if the Local Government or local authority were an owner or occupier within the meaning of those provisions.

Supply by bulk-licensees.

Special provisions applying to supply by bulk-licensees.

IX. (1) Where, and in so far as, the licensee (hereinafter in this clause referred to as "the bulk-licensee") is authorised by his license to supply energy to other licensees for distribution by them (hereinafter in this clause referred to as "distributing-licensees") the following provisions shall apply, namely :—

- (a) any distributing-licensees within the bulk-licensee's area of supply may make a requisition on the bulk-licensee, requiring him to give a supply of energy and specifying the point, and the maximum rate per unit of time, at which such supply is required, and the date upon which the supply is to commence, such date being fixed after the date of receipt of the requisition so as to allow an interval that is reasonable with regard to the locality and to the length of the electric supply-line and the amount of the plant required ;

- (b) such distributing-licensee shall, if required by the bulk-licensee so to do, enter into a written agreement to receive and pay for a supply of energy for a period of not less than seven years of such an amount that the payment to be made for the same at the rate of charge for the time being charged for such supply shall not be less than such an amount as will produce a reasonable return to the bulk-licensee on the outlay (excluding expenditure on generating plant then existing and any electric supply-line then laid down or placed) incurred by him in making provision for such supply ,
- (c) the maximum rate per unit of time at which a distributing-licensee shall be entitled to be supplied with energy shall not exceed what is necessary for the purposes for which the supply is required by him, and need not be increased except upon a fresh requisition made in accordance with the foregoing provisions ;
- (d) if any difference or dispute arises under this clause, it shall be determined by arbitration, and, in the event of such arbitration, the arbitrator shall have regard to the following amongst other considerations, namely --
- (i) the period for which the distributing-licensee is prepared to bind himself to take energy ,
 - (ii) the amount of energy required and the hours during which the bulk-licensee is to supply it ,
 - (iii) the capital expenditure incurred or to be incurred by the bulk-licensee in connection with the aforesaid supply of energy ; and
 - (iv) the extent to which the capital expended or to be expended by the bulk-licensee in connection with such supply may become unproductive upon the discontinuance thereof.

(2) Notwithstanding anything in sub-clause (1), the bulk-licensee shall give a supply of energy to any distributing-licensee within his area of supply applying therefor, even although the distributing-licensee desires to be supplied with only a portion of the energy required for distribution by him

Provided that the distributing-licensee shall, if so required by the bulk-licensee, enter into an agreement to take such energy upon special terms (including a minimum annual sum to be paid to the bulk-licensee) to be determined, if necessary, by arbitration in the manner laid down in sub-clause (1) (d).

(3) The maximum price fixed by a license for energy supplied to a distributing-licensee shall not apply to any partial supply given under sub-clause (2).

(4) Every distributing-licensee, who is supplied with energy by a bulk-licensee and intends to discontinue to receive such supply, shall give not less than twelve months' notice in writing of such intention to the bulk-licensee :

Provided that, where the distributing-licensee has entered into a written agreement with the bulk-licensee to receive and pay for a supply of energy

for a certain period, such notice shall be given so as not to expire before the end of that period

Charges

Methods of charging

X In the absence of an agreement to the contrary, the licensee may charge for energy supplied by him to any consumer—

- (a) by the actual amount of energy so supplied, or
- (b) by the electrical quantity contained in the supply; or
- (c) by such other method as may be approved by the Local Government:

Provided, first, that where the licensee charges by any method so approved by the Local Government any consumer who objects to that method may by not less than one month's notice in writing require the licensee to charge him, at the licensee's option either by the actual amount of energy supplied to him or by the electrical quantity contained in the supply, and thereafter the licensee shall not, except with the consent of the consumer, charge him by another method.

Provided, secondly, that before commencing to supply energy through any distributing main the licensee shall give notice by public advertisement, of the method by which he proposes to charge for energy so supplied, and, where the licensee has given such notice, he shall not be entitled to change that method of charging without giving not less than one month's notice in writing of such change to the Local Government, to the local authority (if any) concerned, and to every consumer of energy who is supplied by him from such distributing main:

Provided, thirdly, that, if the consumer is provided with a meter in pursuance of the provisions of section 26, sub-section (1), of the Indian Electricity Act, 1910, and the licensee changes the method of charging for the energy supplied by him from the distributing main, the licensee shall bear the expense of providing a new meter, or such other apparatus as may be necessary by reason of the new method of charging.

Maximum charges

XI Save as provided by clause IX sub-clause (3), the prices charged by the licensee for energy supplied by him shall not exceed the maxima fixed by his license, or, in the case of a method of charge approved by the Local Government, such maxima as the Local Government shall fix on approving the method:

Provided, that, if, at any time after the expiration of seven years from the commencement of the license, the Local Government considers or is satisfied that the maxima so fixed or approved as aforesaid should be altered, it may, after such inquiry (if any) as it thinks fit, make an order accordingly, which shall have effect from such date as may be mentioned therein:

Provided, also, that, where an order in pursuance of the foregoing proviso has been made, no further order altering the maxima fixed thereby shall be made until the expiration of another period of five years.

XII. The price to be charged by the licensee and to be paid to him for energy supplied for the public lamps, and the mode in which those charges are to be ascertained, shall be settled by agreement between the licensee and the Local Government or the local authority, as the case may be, and, where any difference or dispute arises, the matter shall be determined by arbitration.

Testing and Inspection

XIII. The licensee shall establish at his own cost and keep in proper condition such number of testing stations, situated at such places within reasonable distance from any distributing main, as the Local Government may direct for the purpose of testing the pressure or periodicity of the supply of energy in the distributing main and shall supply and keep in proper condition thereat, and on all premises from which he supplies energy, such instruments for testing as an Electric Inspector may approve, and shall supply energy to each testing station for the purpose of testing.

XIV. The licensee shall afford all facilities for inspection and testing of his works and for the reading, testing and inspection of his instruments, and may, on each occasion of the testing of his works or the reading, testing or inspection of any instruments, be represented by an agent, who may be present, but shall not interfere with the reading, testing or inspection.

XV. On the occasion of the testing of any works of the licensee by an Electric Inspector reasonable notice thereof shall be given to the licensee; and the testing shall be carried out at such suitable hours as, in the opinion of the Electric Inspector, will least interfere with the supply of energy by the licensee, and in such manner as the Electric Inspector may think fit; but, except under the provisions of an order made in each case in that behalf by the Local Government, the Electric Inspector shall not be entitled to have access to, or interfere with, the works of the licensee at any points other than those at which the licensee himself has access to the same.

Provided that the licensee shall not be held responsible for any interruption or irregularity in the supply of energy which may be occasioned by, or required by the Electric Inspector for the purpose of, any such testing as aforesaid.

Provided, also, that the testing shall not be made in regard to any particular portion of the works oftener than once in any three months, unless in pursuance of an order made in each case in that behalf by the Local Government.

Plans.

XVI. (1) The licensee shall, after commencing to supply energy, forthwith cause a plan to be made of the area of supply and shall cause to be marked thereon the alignment and the approximate height above or depth below the surface of all his then existing electric supply-lines, street-distributing boxes and other works, and shall once in every year cause that plan to be duly corrected so as to show the electric supply-lines street-distributing

boxes and other works for the time being in position. The licensee shall also, if so required by an Electric Inspector, cause to be made sections showing the approximate level of all his existing underground works other than service lines.

(2) Every such plan shall be drawn to a scale which shall not be smaller than sixteen inches to the mile.

(3) Every such section shall be drawn to a horizontal scale which shall not be smaller than sixteen inches to the mile and to a vertical scale which shall not be smaller than one inch to eight feet.

(4) Every plan and section so made or corrected or a copy thereof marked with the date when it was so made or corrected shall be kept by the licensee at his principal office or place of business within the area of supply, and shall at all reasonable times be open to the inspection of all applicants, and copies thereof shall be supplied on such terms and conditions as may be prescribed by rules under the Indian Electricity Act 1910.

(5) The licensee shall if required by an Electric Inspector and where the licensee is not a local authority, by the local authority (if any) concerned, supply free of charge to such Electric Inspector or local authority a copy of every such plan or section duly corrected so as to agree with the original kept at the principal office or place of business of the licensee.

Additional notice of certain works

Notice to
Electric
Inspector.

XVII. On the day next preceding the commencement of any such works as are referred to in section 13 of the Indian Electricity Act 1910 the licensee shall in addition to any other notices which he may be required to give, serve upon the Electric Inspector, or such officer as the Local Government may appoint in this behalf for the area of supply a notice in writing stating that he is about to commence the works and the nature and position of the same.

Business.

2. The directors shall have regard to the restrictions on the commencement of business imposed by section 103 of the Indian Companies Act, 1913, if, and so far as, those restrictions are binding upon the company.

Shares.

3. Subject to the provisions, if any, in that behalf of the memorandum of association of the company, and without prejudice to any special rights

previously conferred on the holders of existing shares in the company, any share in the company may be issued with such preferred, deferred or other special rights, or such restrictions, whether in regard to dividend, voting, return of share capital, or otherwise, as the company may from time to time by special resolution determine.

4. If at any time the share capital is divided into different classes of shares the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of the shares of the class. To every such separate general meeting the provisions of these regulations relating to general meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be two persons at least holding or representing by proxy one-third of the issued shares of the class.

5. No share shall be offered to the public for subscription except upon the terms that the amount payable on application shall be at least five per cent of the nominal amount of the share; and the directors shall, as regards any allotment of shares, duly comply with such of the provisions of sections 101 and 104 of the Indian Companies Act, 1913, as may be applicable thereto.

9. The company shall have a lien on every share (not being a fully-paid share) for all moneys (whether presently payable or not) called or payable at a fixed time in respect of that share, and the company shall also have a lien on all shares (other than fully-paid shares) standing registered in the name of a single person, for all moneys presently payable by him or his estate to the company; but the directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause. The company's lien, if any, on a share shall extend to all dividends payable thereon.

10. The company may sell, in such manner as the director thinks fit, any shares on which the company has a lien, but no sale shall be made unless

11. The proceeds of the sale shall be applied in payment of such part of the amount in respect of which the lien exists as is presently payable, and the residue shall (subject to a like lien for sums not presently payable as existed upon the shares prior to the sale) be paid to the person entitled to the shares at the date of the sale. The purchaser shall be registered as the holder of the shares, and he shall not be bound to see to the application of the purchase-money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

13. The joint-holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

14. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest upon the sum at the rate of five per cent per annum from the day appointed for the payment thereof to the time of the actual payment, but the directors shall be at liberty to waive payment of that interest wholly or in part.

15. The provisions of these regulations as to payment of interest shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the amount of the share, or by way of premium, as if the same had become payable by virtue of a call duly made and notified.

16. The directors may make arrangements on the issue of shares for a difference between the holders in the amount of calls to be paid and in the times of payment.

17. The directors may, if they think fit, receive from any member willing to advance the same all or any part of the moneys uncalled and unpaid upon any shares held by him; and upon all or any of the moneys so advanced may (until the same would, but for such advance, become presently payable) pay interest at such rate (not exceeding, without the sanction of the company

20. The directors may decline to register any transfer of shares, not being fully paid shares, to a person of whom they do not approve, and may also decline to register any transfer of shares on which the company has a lien. The directors may also suspend the registration of transfers during the fourteen days immediately preceding the ordinary general meeting in each year. The directors may decline to recognise any instrument of transfer unless—

- (a) a fee not exceeding two rupees is paid to the company in respect thereof; and
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the directors may reasonably require to show the right of the transferor to make the transfer.

21. The executors or administrators of a deceased sole holder of a share shall be the only persons recognised by the company as having any title to the share. In the case of a share registered in the names of two or more holders, the survivors or survivor, or the executors or administrators of the deceased survivor, shall be the only persons recognised by the company as having any title to the share.

22. Any person becoming entitled to a share in consequence of the death or insolvency of a member shall, upon such evidence being produced as may from time to time be required by the directors, have the right, either to be registered as a member in respect of the share or, instead of being registered himself, to make such transfer of the share as the deceased or insolvent person could have made; but the directors shall, in either case, have the same right

to decline or suspend registration as they would have had in the case of a transfer of the share by the deceased or insolvent person before the death or insolvency.

23. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company.

Forfeiture of shares.

24. If a member fails to pay any call or instalment of a call on the day appointed for payment thereof, the directors may, at any time thereafter during such time as any part of such call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

25. The notice shall name a further day (not earlier than the expiration of fourteen days, from the date of the notice) on or before which the payment required by the notice is to be made, and shall state that, in the event of non-payment at or before the time appointed, the shares in respect of which the call was made will be liable to be forfeited.

26. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the directors to that effect.

27. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the directors think fit, and at any time before a sale or disposition the forfeiture may be cancelled on such terms as the directors think fit.

28. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding, remain liable to pay to the company all moneys which, at the date of forfeiture, were presently payable by him to the company in respect of the shares, but his liability shall cease if and when the company received payment in full of the nominal amount of the shares.

29. A duly verified declaration in writing that the declarant is a director of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share, and that declaration, and the receipt of the company for the consideration, if any given for the share on the sale or disposition thereof, shall constitute a good title to the share, and the person to whom the share is sold or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the purchase-money (if any), nor shall his title to the

share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

30. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the amount of the share, or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Conversion of shares into stock

31. The directors may, with the sanction of the company previously given in general meeting, convert any paid-up shares into stock, and may with the like sanction re-convert any stock into paid-up shares of any denomination.

32. The holders of stock may transfer the same, or any part thereof in the same manner, and subject to the same regulations, as, and subject to which, the shares from which the stock arose might previously to conversion have been transferred, or as near thereto as circumstances admit: but the directors may from time to time fix the minimum amount of stock transferable, and restrict or forbid the transfer of fractions of that minimum, but the minimum shall not exceed the nominal amount of the shares from which the stock arose.

33. The holders of stock shall, according to the amount of the stock held by them have the same rights, privileges and advantages as regards dividends voting at meetings of the company, and other matters, as if they held the shares from which the stock arose, but no such privilege or advantage (except participation in the dividends and profits of the company) shall be conferred by any such aliquot part of stock as would not, if existing in shares, have conferred that privilege or advantage.

34. Such of the regulations of the company (other than those relating to share-warrants), as are applicable to paid-up shares shall apply to stock, and the words "share" and "shareholder" therein shall include "stock" and "stockholder"

Share-warrants

35. The Company may issue share-warrants, and accordingly the directors may in their discretion, with respect to any share which is fully paid up, on application in writing signed by the person registered as holder of the share, and authenticated by such evidence (if any) as the directors may from time to time require as to the identity of the person signing the request, and on receiving the certificate (if any) of the share, and the amount of the stamp duty on the warrant and such fee as the directors may from time to time require, issue under the company's seal a warrant, duly stamped, stating that the bearer of the warrant is entitled to the shares therein specified, and may provide by coupons or otherwise for the payment of dividends, or other moneys on the shares included in the warrant.

36. A share-warrant shall entitle the bearer to the shares included in it and the share shall be transferred by the delivery of the share-warrant, and the provisions of the regulations of the company with respect to transfer and transmission of shares shall not apply thereto.

37. The bearer of a share-warrant shall, on surrender of the warrant to the company for cancellation, and on payment of such sum as the directors may from time to time prescribe, be entitled to have his name entered as a member in the register of members in respect of the shares included in the warrant.

38. The bearer of a share-warrant may at any time deposit the warrant at the office of the company, and so long as the warrant remains so deposited, the depositor shall have the same right of signing a requisition for calling a meeting of the company, and of attending and voting and exercising the other privileges of a member at any meeting held after the expiration of two clear days from the time of deposit, as if his name were inserted in the register of members as the holder of the shares included in the deposited warrant. Not more than one person shall be recognised as depositor of the share-warrant. The company shall, on two days' written notice, return the deposited share-warrant to the depositor.

39. Subject as herein otherwise expressly provided, no person shall, as bearer of a share-warrant, sign a requisition for calling a meeting of the company or attend, or vote or exercise any other privilege of a member at a meeting of the company, or be entitled to receive any notices from the company : but the bearer of a share-warrant shall be entitled in all other respects to the same privileges and advantages as if he were named in the register of members as the holder of the shares included in the warrant, and he shall be a member of the company.

40. The directors may from time to time make rules as to the terms on which (if they shall think fit) a new share-warrant or coupon may be issued by way of renewal in case of defacement, loss or destruction.

Alteration of Capital.

41. The directors may, with the sanction of an extraordinary resolution of the company increase the share capital by such sum, to be divided into shares of such amount, as the resolution shall prescribe.

42. Subject to any direction to the contrary that may be given by the resolution sanctioning the increase of share capital, all new shares shall, before issue, be offered to such persons as at the date of the offer are entitled to receive notices from the company of general meetings in proportion, as nearly as the circumstances admit, to the amount of the existing shares to which they are entitled. The offer shall be made by notice specifying the number of shares offered, and limiting a time within which the offer, if not accepted, will be deemed to be declined, and after the expiration of that time, or on the receipt of an intimation from the person to

whom the offer is made that he declines to accept the shares offered, the directors may dispose of the same in such manner as they think most beneficial to the company. The directors may likewise so dispose of any new shares which (by reason of the ratio which the new shares bear to shares held by persons entitled to an offer of new shares, cannot, in the opinion of the directors, be conveniently offered under this article.

43. The new shares shall be subject to the same provisions with reference to the payment of calls, lien, transfer, transmission, forfeiture and otherwise as the shares in the original share capital.

44. The company may, by special resolution,—

- (a) consolidate and divide its share capital into shares of larger amount than its existing shares ;
- (b) by sub-division of its existing shares or any of them, divide the whole or any part of its share capital into shares of smaller amount than is fixed by the memorandum of association, subject, nevertheless, to the provisions of paragraph (d) of sub-section (1) of section 50 of the Indian Companies Act, 1913 ;
- (c) cancel any shares which, at the date of the passing of the resolution have not been taken or agreed to be taken by any person ;

In default of a general meeting being so held, a general meeting shall be held in the month next following, and may be called by any two members in the same manner as nearly as possible as that in which meetings are to be called by the directors.

47. The above-mentioned general meetings shall be called ordinary meetings ; all other general meetings shall be called extraordinary.

48. The directors may, whenever they think fit, call an extraordinary general meeting, and extraordinary general meetings shall also be called on such requisition, or in default, may be called by such requisitionists, as provided by section 78 of the Indian Companies Act, 1913. If at any time there are not within British India sufficient directors capable of acting to form a quorum, any director or any two members of the company may call an extraordinary general meeting in the same manner as nearly as possible as that in which meetings may be called by the directors.

57. If a poll is duly demanded, it shall be taken in such manner as the chairman directs, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

58. In the case of an equality of votes, whether on a show of hands or on a poll, the chairman of the meeting at which the show of hands takes place or at which the poll is demanded, shall be entitled to a second or casting vote.
